THROCKMORTON QUITS FORCE

Popular Officer Will Become Traveling Salesman For Cincinnati Concern.

Yesterday Officer William Throckmorton of the Maysville Police Force tendered his resignation to Mayor J. Wesley Lee as policeman, the same to become effective at once. Mr. Throckmorton's resignation came as a great surprise to everyone.

Mr. Throckmorton has accepted a position as traveling salesman for the Stiles & Pellems Fire Company of Cincinnati. His territory will be in northern and central Kentucky. He will make his headquarters in this city.

Mr. Throckmorton is one of the most popular young men in this city. Although he did serve quite two years as a policeman in this city, his record while in office was splendid. He took the lead in a number of raids and he became a nemesis to many a law-breaker.

The Ledger joins with his many friends in wishing him the best of success in his new position.

Mr. Charles Spencer of Flemingsburg is a business visitor here today.

DR. NG POON CHEW

The Chinese editor and statesman who is coming to Maysville for a lecture on the Lyceum Course January 30th, is listed among the notables in "Who's Who in America." Some especially interesting press and personal comments have been made recently regarding the work of Dr. Chew and a few of these are here given.

"Dr. Chew, editor, statesman, philosopher, has risen above all barriers of race and won the title of the "most brilliant Chinaman in America." — Boston Human Life.

He made people think. He entertained them. He was easily understood." — T. H. Nelson, Dayton Y. M. C. A.

We were much pleased with our other Oriental lecturer, Julius Caesar Nayphe. Come out and hear the Chinese Statesman.

HIT BY TRAIN

Mr. Clarence Carter of Dover was struck by C. & O. train No. 3 on last Sunday afternoon near that place. Mr. Carter was sitting on the end of a railroad tie, when he was struck. The train was not running at a very high rate of speed and Mr. Carter was not seriously injured.

LITTLE TROUBLE

Experienced During the First Day of the New System Installed in the Maysville Public Schools.

In an interview with Superintendent Caplinger yesterday afternoon stated to the Ledger man that there had been very little trouble during the day on account of the new system installed in the Public Schools. A satisfactory outcome is expected by him.

Mr. Caplinger said that there had been a number of pupils that remained away from school on account of the fact that they were either uncertain of where they belonged or that their parents foolishly imagined that they were being imposed upon by being switched to another school and kept their children at home. He said that there was no serious opposition expected from any of the parents, and those that were making exceptions to the new system were not thoroughly acquainted with the workings of it.

Miss Emma Debold at the First District building has charge of all the third grade pupils west of the Lime-stone Bridge, Miss Hattie Gray having charge of the fourth grade pupils. These are the only two grades interfered with in the first two districts. Thus each teacher in the first two districts has only one grade to deal with. In the Fifth and Sixth Wards the same grades are changed, with the same results as in the above named districts. While in both sections of the city the system has been put into effect that there are few scholars that will be inconvenienced and all of them will derive better results in the long run.

ROYAL TRAIN SAVED BY ENGINEER'S VIGILANCE

Madrid, via Paris, January 28—An attempt was made today to wreck a train on which King Alfonso was a passenger. The royal train was preceded by a freight train, the engineer of which saw an obstacle on the track and removed it. Neither the royal train nor the freight suffered any damage.

The spot chosen for the derailment of the royal train near Gramada, Andalusia, was a particularly favorable one, as the road there begins to run down grade.

The police have arrested two men, on one of whom was found code letters from Barcelona.

TARIFF LEGISLATION NEEDED NOW

A measure providing for the readoption of the Republican tariff of 1909, but amending the chemical schedule, over-hauling the cotton schedule, containing a substitute for the wool schedule, and providing ample protection for agricultural products, should be introduced in Congress at once. While it is not contended that such a measure, if enacted into law, would meet all the exigencies of the post-war situation, it would serve a useful purpose in holding in some degree the flood of foreign products which otherwise would break on us when hostilities have ceased, and give our legislators an opportunity to undertake a complete tariff revision along protective and scientific lines without being stampeded into ill-considered action by the tremendous pressure of importations. The Republicans are not in a position to conduct tariff hearings and the Democrats refuse to do so, hence the readoption of a sound law such as that of 1909, with the amendments suggested, presents the sole alternative.

Recent developments indicate that the Democrats will persist in their tariff-for-revenue-only policy. Refusing to lay protective rates on competing products, they now plan to increase the inheritance tax, to tax profits and to raise the income tax without lowering the exemptions. We are also to have bond issue approximating \$300,000,000. If tariff revision is to await the report of the Democratic tariff commission appointed by President Wilson, the revision will be based on a report the most partisan and perfidious in character, or await an exhaustive investigation requiring from four to six years. Industrial America should tolerate no such delay. We must in some degree be commercially prepared before peace in Europe is established and it remains for the Republicans to undertake that preparation. They must use the best means at their command and the people understanding their position will applaud their action. If the Democrats defeat this measure, or if President Wilson vetoes it, the voters will know what action to take in 1918, when the fight for the control of the 66th Congress is on.

The chemical schedule should be amended by the adoption of the High dyestuff's bill (H. R. 702) based on the report of the dyestuff's committee to the American Chemical Society, and which met with unanimous approval as the hearings on the bill testify. The Democratic dyestuff bill is unsatisfactory to all concerned. It does not take effect until peace is established. The interim between the declaration of a general armistice and the signing of a peace treaty will give Germany an opportunity to dump such quantities of dyestuffs on our market that our own industry will die a-borning. The Hill substitute should be made effective on its passage.

The tariff board report of 1912 and the experience of the past seven years should make possible a fairly satisfactory overhauling of the cotton schedule. The classifications and rates on raw wool presented by Senator Smoot as a substitute for the Underwood rates would probably give satisfaction, while the rates on wool manufactures carried in the Payne substitute would take care of our manufacturers until such time as a general Republican revision could be undertaken. The huge increases in imports of agricultural products under the present law make imperative the restoration of the Republican, and, in some instances, perhaps, higher rates, to protect our agriculturists from the streams of these products which will shift toward us when peace is declared. European trade pacts, and the discriminations which may be shown against certain American goods after the war make the retention of the maximum and minimum clause of the 1909 law imperative, and an anti-dumping law should be incorporated in the bill. Because of the impossibility of proving intent of foreign competitors to break down the American market the Democratic anti-dumping law is a farce. The administrative features of the 1909 law were the best ever drafted and should be retained.

DEMOCRATS TAKE WARNING!

If Democrats in power at Washington permit their free trade proclivities to prevent their giving the American workingman the protection he needs and has a right to expect they will indeed be blind leaders. The Herald has no interest in keeping Democratic politicians out of the ditch, but every interest in preventing the ditching of the American workingman and American industry.—New York Herald.

MOST COSTLY JEWELS STOLEN

Baltimore, Md., January 28—Former Governor Edwin Warfield, his wife and daughter, the Countess Ledochowska, are mourning the loss of diamonds and jewelry to the value of almost \$2,000, it was learned tonight.

The jewels are insured, but their loss means a great deal to Mrs. Warfield and her daughter, for most of them are heirlooms.

The theft of the Warfield and Ledochowska jewelry from the Warfield home at 1223 Linden avenue, is one of the largest that the local police have had to deal with for many months, and the greatest secrecy has been maintained by the Police Department.

The burglars gained entrance to the Warfield home and selected the most costly gems and then made their departure.

POLICE BATTLE WITH STRIKERS

New York, January 28—The police in Brooklyn battled for an hour today with a mob of striking employees of the American Sugar Refinery Company, who attacked from roof tops and doorways a number of watchmen and foremen who had been on the night shifts.

The combat was waged over many blocks, the policemen using their clubs, while the strikers fought with bricks, bottles and other missiles. Several were injured.

One man, who police say was the ringleader, was arrested after a struggle on a housetop, in which he and a policeman nearly fell to the street.

WRECK RESULTS IN DEATH OF MORE THAN HUNDRED ROMANIANS OF HIGH RANK

BERLIN REPORTS

Berlin, January 28—More than 100 Roumanians of high rank lost their lives in a train wreck near the Roumanian station of Tisbrua, according to a dispatch said by the Overseas News Agency to have been printed in the Russki Slovo.

The locomotive of a train carrying the Roumanians to Russia jumped the track and the cars caught fire.

It is reported from the same source that 45,000 Roumanian refugees already have settled in the Russia province of Poltava and that a large number of others continue to arrive. Among the prominent Roumanians said to have arrived in Russia are G. Contacuzene, Minister of Justice; M. Constantinescu, Minister of Interior, and Take Jonescu, Minister without portfolio.

The Roumanian Senate and the Roumanian National Bank are reported to have been transferred from Jassa to Kherson.

VIRGINIA PUSHES EFFORT TO COLLECT WEST VIRGINIA DEBT

Washington, January 28—Virginia has decided to take further steps to hasten payment by West Virginia of the latter's share of the Old Dominion debt when the state divided in 1861.

The Supreme court, which gave a decree against West Virginia in 1915, will be asked tomorrow on behalf of Virginia, to issue process, requiring West Virginia to pay the original judgment of \$12,393,000, with interest at 5 per cent since January 1, 1915.

PERSHING'S FORCE

Begins March to U. S. Border—Last American Soldier Expected to Cross International Line Before End of Week—More Guards Will Be Ordered Home.

Columbus, N. M., January 28—Motor trucks, escorted by twenty-five members of the Thirty-fourth United States Infantry (colored), arrived here today, bringing twenty-one followers of Villa, who are accused of participating in the raid on this town last March. It is expected that they will be sent to Deming for trial.

Washington, January 28—The final act in the entrance into Mexico of 10,000 American soldiers as a result of the Villa massacre of seventeen Americans at Columbus, N. M., March 9, 1916, was written today with official announcement by the War Department that General Pershing had been ordered, and actually had started, to bring his troops back to the United States.

Secretary Baker issued the following announcement:

"General Pershing has been ordered to bring his troops out of Mexico. The movement is to be an immediate one and probably is already under way."

Later advices to the department said that the troops already had begun the evacuation of Colonia Dublan, 110 miles from the border, where they had been concentrating during the past few weeks. The last American soldier is expected to recross the border in about a week.

Villa Strength Increased

No official information is at hand as to whether Villa or Carranza troops will occupy the territory left vacant by the Americans, but the belief is strong here that the bandit, who is credited with at least 8,000 well-armed men and who is now at least four times as strong as when the American troops went across the border, will make a desperate effort to take the territory particularly for its moral effect.

At least a part of the remaining 50,000 guardsmen are expected to be ordered home as soon as the 25,000 now leaving have been moved out of the way and Pershing's regulars have been redistributed to provide adequate protection for the border, as a large supply has been essential to his long line of communication.

Recognition is Delayed

The delay in sending Ambassador Fletcher is due to the administration's hesitancy to accord that degree of recognition to the Carranza Government, which is felt not only to have been none too friendly, but also to be seriously endangered by Villa, Zapata and other bandit activities, as well as by the extremely weak economic conditions in the country.

Preparations for withdrawing the troops have been going on for some time, it was admitted today, with the calling in of outposts and the taking of steps to protect friendly Chinese and Mormons from punishment by the Mexicans. No announcement could be made, it was added, before the actual march was under way, as it was feared some unexpected event might come up which would require a further delay and embarrassing explanations to South American countries which have been watching every step in the critical situation with the utmost interest.

Mayslick Farm For Sale

We have for sale the farm of the late Hopkins Shanklin located three and half miles East of Mayslick on the Mayslick and Johnson Station pike. This farm contains 80 acres and a fraction, and has on it a 7-room house, tenant house, stable and the usual out buildings found on a well improved farm. Practically all the farm is grass, considerable of which is bluegrass. This is a tobacco farm in every sense of the word, as the land is in high state of cultivation and there has been but little tobacco raised on this farm in many years. This is the kind of farm you can take hold of and make good with.

Ford
THE UNIVERSAL CAR

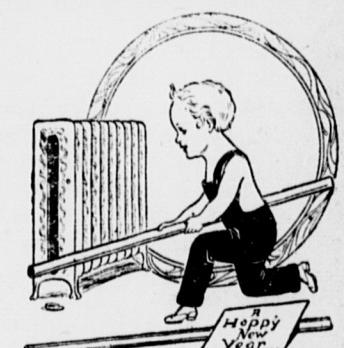

Announcement

* The company is many thousands of cars behind their orders. The railroads are unable to deliver rapidly enough on account of shortage of freight cars. On account of these conditions, which are the worst I have ever had to contend with since being in the automobile business, the company will not ship cars to a dealer unless he has orders for the cars signed by customers who are waiting for cars.

The tremendous demand will continue throughout the winter in the south and southwest, and the shortage in this part of the country in the spring will be the greatest ever known.

I have already sold and delivered one-half of all the cars I contracted for the 1917 season. I have orders on file for 25% of all the cars the company will ship me between now and August 1st. The man who waits till spring to place his order for a Ford will not get his car till mid-summer or next fall. Therefore, if you want a Ford car this year, place your order now and take the car as soon as I can deliver. Don't wait.

DEDICATION EXERCISES

At the Glen Springs College on Sun-
day Very Successful — School
Opened on Monday Morning.

The dedication exercises at the
Glen Springs College, Lewis county,
were held on Sunday and was a most
successful service. Rain fell throughout
the most of Saturday night and many feared that it would continue
falling Sunday, but the day broke
clear and beautiful. A more ideal
winter day could not have been wished
for. Visitors began coming to the
famous resort at an early hour and
continued to come until late in the
afternoon. Throughout the day, the
finest spirit of optimism and hearty
good will prevailed.

A disappointment somewhat marred
the services. Word was received that
on account of sickness, the Rev. D.
Wood of Ashland, the main speaker
of the day could not be present. An
able speaker was chosen to fill the
place of Mr. Wood however. The man
picked as a substitute for Mr. Wood
was the President of the College, the
Rev. Samuel J. Sparks, who most
Rev. Samuel J. Sparks, who most
worldly wisdom. Text 1 Cor. 1:23.

In his opening remarks he paid
some great tributes to Mr. Wood, as a
man, and as a minister with his pow-
erful leadership in the interest of the
cause of Christ among the people of
Northeastern Kentucky. He expressed
his deepest regret that the aged
mother of the Walker boys, Mrs.
Walker could not be present. He said,
probably that it was her prayer being
answered. When she saw so much
worldly pleasure being carried on at
that place she had wished that it
could have been for some good to
Christians.

He spoke of the mystery of wisdom
and nature, and worldly wisdom in
search of her to solve her mysteries
and it only culminated in blood and
filth. He also spoke of worldly wisdom
to man and nation.

"Education without religion pro-
duces criminals, and religion without
education is a blight and curse.
Christianity has a marked effect upon
society. Even the liquor traffic will
admit that the church is its greatest
friend. Business says that the church
is its silent policeman."

He spoke of his love for the public
school. "School of religion is a ne-
cessity for a pure life. The only
successful life is the one that is suc-
cessful to the end."

Recess was then taken for dinner
in the large dining hall at the springs,
where all present enjoyed good fel-
lowship with one another.

Following the noon hour the crowd
reassembled in the Chapel where
after a song service, the Rev. R. S. Len-
non, one of the original promoters of
the school, gave a short but impres-
sive talk. A number of the citizens of
the community also gave short talks.
Mr. Lennon offered the dedicatory
prayer.

A great work is expected to be ac-
complished by this school, the only
one of its kind in this section of the
state. The number of students at the
opening day, Monday, could not be
learned, but the school trustees were
expecting at least 400 students.

WON RACE

Last night marked the opening of
the Karnival week at the Princess
Rink and a very large crowd was in
attendance. The Maysville Bluegrass
Concert Band furnished the music for
the evening. The feature of the even-
ing was the hurdle race. This race
was won by Mr. Charles Summers, he
getting a prize of \$5. Mr. Morris En-
nis came in a very close second. The
feature tonight will be catching the
greased pig. This promises to be very
exciting as the one catching the pig
is permitted to keep it. The pig was
bought several days ago, but since has
been fattening and is now a hog.
Anyway, with the high cost of living
it is a most excellent prize and should
be well worth the effort to capture it.

CHINESE STATESMAN

Dr. Ng Poon Chew Will Deliver Lecture at the High School Tonight—
Promises to Be Very Interesting.

Dr. Ng Poon Chew, a Chinese jour-
nalist, scholar and statesman, will ap-
pear before the Maysville public to-
night in the High School auditorium
to deliver a lecture. The address will
begin at 8 o'clock.

Dr. Ng Poon Chew is thoroughly ac-
quainted with the facts. A native of
China, he knows her national spirit
and her traditions. He has fully in-
formed himself on every phase of
Chinese life, and understands the
hearts of his people in every throb,
from the wild eyed brigand to the true
lover of liberty.

The lectures of Ng Poon Chew are
interesting and profitable studies of
Chinese problems of vital concern and
world wide interest. He not only
charms the ear with his delightful
platform powers, but imparts informa-
tion of real value and of peculiar in-
terest to all thinking people.

The discussion of China and her
people is most timely. After centuries
of apparent stagnation there was a
sudden and awful awakening. China
surprised the world by throwing off
the yoke of the Manchu and establish-
ing a republican form of government.
She has since made sure and steady
progress in the adoption of important
governmental refinements, with re-
sults that have startled mankind. Her
immense natural resources, her teem-
ing millions of people, of strong men-
tal calibre and unfatiguing industry,
her new born aspirations and ambitions,
have formed a rich field for
speculation among world students as
to her probable relations with the
world's future. To some the prospect
is most promising. To others, quite as
wise, it is an alarming menace.

This is the sixth number on the lecture
course and holds the promise of
being one of the most interesting. The
remaining numbers are the Beulah
Buck Co. which will appear on February
20 and Charles R. Taggart on
March 13.

SPLENDID SERVICE

Rev. Ruggles reports Sunday a
great day for the Forest Avenue M. E.
Church.

Rev. W. H. Morris was the preacher
and there was certainly large crowds
to greet him, an attendance of 300 or
more being at the evening service.

He gave two very powerful ser-
mons. The text for the morning ser-
vice was from John 5:38. The mes-
sage was principally to the church
and 50 or more kneeled at the altar in
the consecration service. The even-
ing message was from 1 Timothy,
4:15. This was directed to the church
and about 75 took part in the con-
secration service. Thus far the pros-
pects are excellent for a great re-
vival.

Just remember that the pastor and
people of this church have a warm
welcome extended to everyone in
Maysville. Come and hear the pastor-
evangelist. The devotional service
begins each evening at 7 o'clock.
Preaching at 7:30. All seats free.
Come early and get the best places.

IS IN LOUISVILLE

Miss Frances Geisel, who was re-
cently elected by the Board of Educa-
tion of the Maysville Public Schools
as the domestic science teacher in the
High School, is in Louisville this
week, inspecting the work in the
schools there in order to familiarize
herself with the lunch question. Miss
Geisel is just completing a four year
course along this line but the mem-
bers of the faculty at State University
at Lexington, where she has been at-
tending school, say that she is entirely
qualified for this position.

IMMIGRATION BILL VETOED

Washington, January 29—President
Wilson today vetoed the immigration
bill passed recently by Congress, be-
cause of its literacy test provision.

It was the second time that Presi-
dent Wilson had vetoed an immigration
bill because of the literacy test, and for the same reason similar mea-
sures were given vetoes by Presidents
Taft and Cleveland.

BIG FEATURE BILL DRAWS BIG CROWDS

The show at the Washington last
evening drew one of the largest
crowds ever seen at that place for
moving pictures. Both pictures were
excellent and all greatly enjoyed them.
As the managers of the house were
compelled to charge 20 cents for one
picture they added another.

BIG MUSICAL COMEDY SUCCESS TONIGHT

"September Morn," the wonderful
girl and song show coming to the
Washington Theater tonight is one of
the brightest, cleverest, wittiest, prettiest
entertainments ever seen on any
stage. It sparkles. It has humor,
melody, color, spirit, and a score that
holds the auditor with its swinging
litling airs. The book by Arthur Gil-
lespie, is the kind of fooling that en-
courages worried people to forget
their troubles. It is not like stale
soda water. The fizz is there. At the
same time there is nothing to offend
the most fastidious. It all gets over
the footlights because it is very much
alive. You never have time to sit
back and rest, so contagious is the
humor and so persistent is the merry
reveling. One of the striking fea-
tures of "September Morn" is the re-
markable chorus, these clever girls
work in perfect harmony a revelation
to the theatergoer. The cast is com-
posed of members who have been seen
in some of our best musical successes
and the production readily accounts for
the marvelous success the piece
has achieved. Seats on sale at Crane
& Shafer's Paint Store.
